
Tipton Academy

1. What was the total amount of the district's Section 31a allocation for the 2025-26 school year?

\$783,948.80

2. Describe the district's methodology and decision-making for distributing Section 31a At-risk grant funds to target the buildings with the highest needs.

At Tipton Academy, both of our schools have high percentages of students who meet the 31a criteria of "at-risk", through either academic data, economic factors, attendance patterns, or environment/family risk factors (over 90% in both K-8). Because of these high percentages in both buildings, we provide large-scale 31a-funded services in both buildings.

3. What evidence-based interventions and services were implemented with the Section 31a At-risk grant funds during the 2025-26 grant cycle?

Our implemented services included instructional coaches, behavioral coaches, para-professional services, supplemental instructional materials, social work services, staff professional development, and security services.

4. In what ways has the district collected feedback from parents or legal guardians on these interventions and services provided this year?

Our district has utilized parent surveys distributed through electronic communications to parents, a parent liaison, Family and Community Outreach Coordinator to share and collect feedback from parents, a very involved PTO, and parent teacher conferences.

5. Describe the method parents or legal guardians may use to provide feedback on the use of these funds.

If parents would like to provide further feedback, they may contact their building principal or district superintendent, either through email, classroom DOJO, or through our office staff, to schedule a meeting.
